

Mallorca – Paguera ETU Challenge Distance European Championships

Entry procedure

CASE 1: Athlete is already registered at the Challenge event in the open race

1. The athlete needs to contact his/her National Federation
2. If the National Federation agrees, the National Federation will inform ETU and the Challenge Mallorca Paguera LOC about the changes.
3. Challenge will confirm by mail to the athlete, ETU and the National Federation that the athlete has been entered in the European Championship.

In case the National Federation doesn't agree the athlete to compete at the European Championships, the athlete stays entered at the open race.

In case the National Federation is not confirming to ETU and LOC over the entries at the European Championships, the athletes will remain at the European Championships

CASE 2: Athlete not registered at the Challenge event

1. The athlete needs to contact his/her National Federation.
2. If the National Federation is in agreement to let the athlete compete at the European Championships, Challenge will give to the athlete his/her entry code and will copy the National Federation in that communication.
3. Athlete has to fill in the LOC entry code and pay the entry fee. (Please note that there are only 500 spots available in this case until the **18th of June**, 4 months prior to the event date. The spots will be given out on a first come base).
4. In case the National Federation doesn't approve the entry of the athlete at the European Championships, the athlete cannot race at all, and needs to try to get a spot on the open race

All the entries process closes the 21st of September
