

Dear President,

At the ITU Congress in Auckland, Marisol Casado and her Team, fully supported by us, have been elected with a good majority.

It has been a great achievement for our sport and I am sure that we will all benefit in the years to come.

During the Congress period there have been many good discussions amongst us and I had the pleasure to meet personally many of you and start a personal relationship.

As discussed in our Confederation meeting, now that we have accomplished the first phase of our plan by re-establishing financial security in the ETU accounts, we can start our second phase on Development according to the presented plan.

The minutes of our Confederation meeting in Auckland will follow shortly, as well as the date and venue of our 2013 President Meeting in which the major topic will be the ETU's strategy on Development.

Many thanks again for your support to Marisol and her Team and please, do not hesitate to contact me for any questions you might have.

Yours sincerely,

Renato Bertrandi

ETU President
